

Developing Toileting with autistic children in the Early Years

****NEW** MODULE
FOR 24/25**

Outline

The **INSPIRE Autism Team** are hosting an accredited Autism Education Trust training opportunity. This training is within the *Universal Offer, Ordinarily Available Framework* and so will enable all **staff working in Early Years** to understand how autism can impact on toileting. The module also aims to equip you with strategies to enable and support autistic children to develop their toileting in the setting and at home, through effective communication with parents and caregivers.

After completing the module, you will be able to:

- ✓ Understand that **autism is a difference** not a deficit.
- ✓ Understand how the Three Areas of Difference in **autism may impact on toileting**.
- ✓ Understand the importance of everyone working together to support the child with toileting.
- ✓ Develop knowledge of **how to support autistic children with toileting**.
- ✓ **Create a plan** which will ensure that autistic children are supported with toileting.

(one session will give you **complete** Developing Toileting AET accreditation)

SUMMER TERM

DATES	TIME
Tuesday 1 st July	12:15 – 1:30 pm
