

# Working with three and four-year-olds outside

Janice Moore

Head of School

Bayonne Nursery School, part of the Thames Federation

# “In the moment planning”

Anna Ephgrave writes,

“This is a simple message – Let the children **choose** what to do, join them and support them in their pursuits and then write up what happened.”

Children being able to select their own resources is very important when planning in the moment.

# Children's needs and interests

Transport

# Living things

Looking at slugs

- Following children's interests
- Making decisions to support their learning
- Finding the resources that will stimulate, enrich and challenge their learning
- Providing high quality interactions
