## Compare assessment

## Share tips for parent workshops and their support

## Share resources such as knowledge organisers and whole school curriculum maps

## Share tips and ideas for wider Computing use across the school

Share how we have applied the different aspects of our training.

## Sharing good practice

## Compare resources to help other teachers build confidence

Compare how computing is planned and delivered to each year group

## Visit each other schools

J2E5 and J2Webby have been useful tools for evidencing and collating children's Computing work

## Share planning and assessment ideas
